

Call for Attendance

MEI-Center Summer School 2017 in Osaka University

Overview

The School is designed to provide 5-days “full immersion” in the practical learning for biomechanics and neuromechanics during human gait and posture, and is mainly addressed to graduate students in any department who are interested in it.

The course lasts 5days and is articulated in four parts:

- Lectures & Discussions from the technical perspective
- Hospital visit for clinical needs finding
- Research presentations by participated students
- Lab tour

For further information, please visit the web site: <http://mei.osaka-u.ac.jp/>
